GOING DEEPER...

What other books are similar to Through Sacrifice: Freedom that I recommend?

Through Sacrifice: Freedom has many components that can be found in related types of books. The following is certainly not exhaustive, but they have either similar styles or story lines:

- “The Brenner Assignment” – Patrick K O’Donnell – This is a true story of a very daring spy mission that takes place in the Brenner Pass where much of Through Sacrifice: Freedom takes place. A team of American spies parachute behind German lines to team up with northern Italian partisans.
- “Agent Zig Zag” – Ben Macintyre – A remarkable true story of a double agent employed by the British. He was a very complicated person that could easily and seamlessly change personalities and personas. A great story where the lines between loyalty and fidelity and betrayal are blurred beyond recognition.
- 200,000 Heroes – Leon Weckstein – This is a short book that speaks exclusively to the 200,000 Italian partisans that fought Mussolini and Hitler. The book discusses the impact of the partisans, and introduces the reader to the significant contributions made by partisans in Rome and central Italy.
- “Donovan’s Devils” – Albert Lulushi – This is an in-depth exploration of the origins and evolution of the American Office of Strategic Service (OSS) in World War II.

NEWS:

- ✓ A revised second edition of Through Sacrifice: Freedom is now available on Amazon and through my website, www.TomFlaim.com. The new edition includes new details of several missions, as well as many new pictures from the battle areas.
- ✓ The new pictures and additional content were obtained from my trip to Italy last summer. I was able to hike to many of the battle sites, the church where Angelo was cornered by the Nazis, caves where Angelo stayed, and many other areas referenced in the book.
